ORIGIN 25X1X6 SUPPLEMENT

1. On 12 November 1946, the Czechoslovak Ministry for Industry was informed by Simic, head of the Tugoslav Trade Delegation, that Tugoslavia is no longer placing a high priority on the purchase of road building machinery to be used in the construction of a strategic highway from Zagreb to Belgrade. Accordingly, orders for such machinery will be shifted at once to a less important category inside the five-year Yugoslav-Czechoslovak purchase plan.

2. To explain their action, the Yugoslav authorities state that a decision has been reached to spread out work on the highway over a period of two years.
